

The News.

RICHMOND HAS FALLEN!! This glorious news to-day thrills millions of loyal hearts, and portends the speedy coming of the day of peace. After considerable severe fighting the Union forces obtained such substantial successes over the rebels that they were compelled to give way with a reported loss of 12,000 prisoners, 60 guns, all their entrenchments, with probably a large amount of property, of which we have no specific news as yet. This glorious consummation has been attained only after four years of struggle, some of it the severest the world ever saw. Tens of thousands of precious lives more valuable than a world of Richmonds, have been lost, but it was necessary that this stronghold of the rebellion should be taken at any sacrifice; and while we drop a tear to the memory of those who have fallen, great joy fills our hearts to-day at the announcement that Richmond is ours.

The fact that the rebel government started in its career on wheels, setting out in the journey from Montgomery, is well remembered. Moving from one point to another it located at Richmond, having at that time a choice of position. But now, since it has taken to wheels again, with no resting place for it, it is not difficult to see that the vehicle will soon be smashed and the rebellion ended.

Let the bells ring out a glad peal and the deep-thundered cannon join its voice to express the general joy. We ought to celebrate; shall we not?

A VILLAGE SWEEPED AWAY IN THE FLOOD.—The village of New Liberty, Illinois, on the Ohio river, has been almost totally annihilated by the high water in that stream, aided by a severe gale that swept over that region on Sunday the 12th instant. Houses were demolished, and the inhabitants driven out, until there were but two dwellings that had not been destroyed. Nearly all the houses were swept from their foundations. The damage in the town was estimated at \$18,000, and in the surrounding country still greater damage was done.

While the troops were moving on Wilmington a corporal asked permission to enter a house at the roadside, saying it was the residence of his parents and the home of his youth. He entered the house and was soon clasped in the arms of the overjoyed mother. "John," said she, "your brother was here yesterday; he stopped while the Confederates marched past here." That mother has a son in each army.

A HORRIBLE MURDER is reported near Phillipsburg, Md. A farmer had received a thousand dollars, and in his absence three persons came to the house, murdered his wife and three daughters, and took his money. On his return, he met a peddler who had a pistol, and discovering the murderers, shot two and killed the other with a spade.

Gen. Dix furnishes for publication documents which show that Jacob Thompson, Buchanan's Secretary of the Interior, was a party to the hotel-burning conspiracy and arranged in Canada part of the plans under which Kennedy and his comrades acted. What a pity the great wretch escapes punishment, and only his dupes suffer.

A court in New Orleans has condemned the immense estates of Slidell and Benjamin in Louisiana, and they will be sold for the benefit of the Government. This is a specimen of the manner in which the leading Rebels are to be "negotiated" with; "and all the people say, Amen!"

We are happy to observe that the work of renovation has commenced in our streets. The debris of the unparalleled long winter had become offensive and annoying, and its removal will put a new and a clean face upon our busy thoroughfares.

The Commissioner of Agriculture at Washington has some superior tobacco seed for distribution. It was obtained by our Consul at Havana.

The New York capitalists and employers are so sorely vexed by the combination that the workmen are making to obtain higher prices that they are sending to Europe for mechanics.

In response to a long letter asking for permission to trade in Savannah, General Sherman made this laconic answer: "No, W. T. Sherman, Major General."

William B. Cooper, late engineer on the New York canal, and other New York engineers, are engaged upon the railroad from Vera Cruz to the city of Mexico.

"I tell you what, sir," said a Yankee to his opponent, "that man don't amount to a sum in arithmetic; add him up, and here is nothing to carry!"

In the churches at Geneva, the Swiss pray every Sunday for the success of the North and the good health of President Lincoln.

Tax Roman correspondent of the Augsburg Gazette mentions that in the Holy City 800,000, are spent annually in masses, while the budget of public instruction amounts to only 214,000.

"I am astonished, my dear young lady, at your sentiments; you make me start." "Well, sir, I have been wanting to see you start for the last hour."

How it was Received.

The news of the fall of Richmond, received here this morning, naturally created great excitement, but people who have celebrated once on the strength of a bogus rumor of such an event were naturally a little shy. But since the news is confirmed we have no doubt the event will be duly celebrated.

MR. BARRETT, agent of the Northwestern

Sanitary Commission, will meet the ladies of Janesville on Tuesday, 4 o'clock in the afternoon, at the Congregational church, and communicate information necessary for them to co-operate cordially and understandingly in the fair soon to be held at Chicago. It is expected that by the agency of Mr. Barrett, the ladies of Milwaukee will also cooperate in this enterprise. A full attendance is desired.

OUR CITY CONVENTION, Saturday evening

made choice of the following candidates for city officers: For Mayor, Dr. John Mitchell; Treasurer, Sylvester Ford, Jr.; Clerk, George H. Williston; Justice of the Peace, C. G. Gillett; School Commissioner at large, O. J. Dearborn. It is complimentary enough to the three first-named candidates, that the people have tried them, and are satisfied with the way in which they discharged their duty. Mr. Dearborn has also been elected before to the office of School Commissioner, and has given good satisfaction. Mr. Gillett, we believe, has not yet held the scales of justice with an even or an uneven hand, but he is well qualified for the office, and will yet hear of any opposition ticket, and think there will be none. The whole excitement seems to have concentrated upon the Judicial question, leaving the more local offices out of the fight.

CITY CONVENTION.—At the union city

convention held in the city of Janesville, Saturday evening, April 1st, to nominate candidates for city officers to be supported at the ensuing charter election, Hamilton Richardson was called to the Chair, and G. WHAT SHERMAN HAS DONE IN THE CAR-

OLINAS.—Fourteen cities, hundreds of miles of railroad, and thousands of bales of cotton have been burned; 83 cannon, 4,000 prisoners, and 25,000 animals have been captured, and over fifteen thousand white and black refugees have been set free. At Columbia Sherman found 43 heavy guns, 5,000 stand of small arms, 12,000 rounds of fired ammunition, and a great number of machinery sent there from Charleston for safety. The machine shops, which were of vast importance, ordnance stores of all kinds, and one complete factory of Blakely guns, with caissons and limber chests, were destroyed and thrown into the river. On February 20th the army resumed its march toward Charlotte, destroying the railroad as it went. Winoosburg, forty-two miles from Columbia, was reached on the 21st, and was found to be on fire. Camden was next occupied—4,000 bales of cotton, with immense amounts of Government property and several public buildings, being destroyed. On the 3rd Cheraw was occupied. Here our forces captured twenty-five pieces of artillery, among which was Blakely 32 pounder gun, twelve caissons, one hundred and eighty tons of powder, several thousand bales of cotton, and a large supply of stores. In the hospitals they found about two hundred prisoners. From Cheraw the army marched directly to Fayetteville.

War Department, Washington, April 2—11 p. m.—To Maj. Gen. Dix:—The following dispatch from the President, received to-night, shows that the desperate struggle between our forces and the enemy continues undecided, although the advantage appears to be on our side.

City Point, April 1.—To Hon. E. M. Stanton, Secretary of War:—A dispatch is just received showing that Sheridan, aided by Warren, had at 2 p. m. pushed the enemy back so as to re-take the Five Forks, and bring his headquarters up to Fort Bonaventure. The Five Forks, a branch of the enemy, was carried by Sheridan's division of cavalry. This part of the enemy seems to be now trying to work along the White Oak road, while Sheridan and Warren are pressing them as closely as possible.

(Signed.) A. LINCOLN.
War Department, Washington, April 2—6 p. m.—Major General Dix:—A dispatch just received from Lieut. Gen. Grant's Adjutant General at City Point, announces the triumphant success of our arms after three days' hard fighting, during which the forces on both sides exhibited unsurpassed valor.

City Point, Va., April 2, 1865.—5:30 a. m.—A dispatch from Lieut. Gen. Grant states that Sheridan, commanding the cavalry and infantry, has carried everything before him. He captured three brigades of infantry, a wagon train and several batteries of artillery. The prisoners captured will amount to several thousands.

(Signed.) T. S. BOWEN.
War Department, Washington, April 2, 11 a. m.—To Maj. Gen. Dix:—The following telegram from the President, dated 8:30 a. m., gives the latest intelligence from the front, where a furious battle was raging, with continued success to the Union armies.

(Signed.) E. M. STANTON.
City Point, Va., April 2—8:30 a. m.—To Hon. E. M. Stanton:—Last night Gen. Grant telegraphed that Sheridan, with his cavalry and the 5th corps, had captured three brigades of infantry, a train of wagons and several batteries. The prisoners amount to several thousand. This morning, Gen. Grant, having ordered an attack along the whole line, telegraphs the following:

Both Wright and Parke got through the enemy's lines. The battle rages furiously. Sheridan with his cavalry, the 5th Corps, and Miles' division of the 2d Corps, was sent to him this morning, is now sweeping down from the west. All now looks highly favorable. Gen. Ord is engaged, but I have not yet heard the result in his front.

(Signed.) A. LINCOLN.
New York, April 2.—President Lincoln's last dispatch, 11 a. m., shows a general smash-up of the rebel line of works

in front of Petersburg, by Gens. Wright, Parke and Ord, who have joined in the fight. Sheridan's cavalry, the 5th corps and part of the 2d corps, are coming in from the west on the enemy's flank.

Washington, April 2—12:40 p. m.—To Major General Dix:—The President in the subjoined telegram gives the latest news from the front:

Hon. E. M. Stanton, Secretary of War:—City Point, April 2—11 a. m.—Dispatches are frequently coming in. All is going on finely. Gens. Parke, Wright, and Ord's lines are extending from the Appomattox to Hatcher's Run. They have all broken through the enemy's entrenched lines, taking some guns, and prisoners. A LINCOLN.

Sheridan with his own cavalry, the 5th corps, and part of the 2d, is coming in from the west on the enemy's flank, and Wright is already tearing up the Southside Railroad.

City Point, 8:30 p. m.—Hon. E. M. Stanton:—4:30 p. m.—To-day, Gen. Grant telegraphs as follows:—

"We are now up, and have a continuous line of troops, and in a few hours will be entrenched from the Appomattox below Petersburg to the river above. The whole captures since the army started out will not amount to less than 12,000 men and probably fifty pieces of artillery. I do not know the number of men and guns accurately, however."

New York, April 3.—Lincoln, at 8:30 this a. m., reports Petersburg evacuated and Grant thinks Richmond also. He is marching to cut off their retreat.

War Department, Washington April 3, 10 a. m.—To Maj. Gen. Dix:—It appears from a dispatch of Gen. Weitzel, just received by this Department, that our forces under his command are in Richmond, having taken it at 8:15 this morning.

(Signed.) E. M. STANTON, Sec'y War.
Richmond was taken by General Weitzel at 8:15 this morning. Petersburg is played out. Grant is endeavoring to cut Lee off.

We took 12,000 prisoners, 50 cannon, and forts, entrenchments, &c., yesterday, and Gen. Grant promised Mr. Lincoln that he should be in Richmond within 48 hours.

Washington, April 3.—War Department, Washington, April 3d 12 noon.—To Maj. Gen. Dix:—The following official confirmation of the capture of Richmond and that the city is on fire, has been received.

(Signed.) E. M. STANTON, Sec'y of War.
City Point, April 3d, 11 a. m.—To Hon. E. M. Stanton, Secretary of War:—Gen. Weitzel telegraphs as follows: We took Richmond at 8:15 this morning. I captured many guns. The enemy left in great haste. The city is on fire in one place; I am making every effort to put it out. The people receive us with enthusiastic expressions of joy. Gen. Grant started early this morning with the army to ward the Danville road to cut off Lee's retreating army, if possible. President Lincoln has gone to the front.

(Signed.) T. S. BOWEN, A. A. G.
E. M. STANTON, Sec'y of War.
FROM GRANT'S ARMY.

New York, April 1.—The Commercial's Washington special says the rain storm has delayed the advance of the army. Dinwiddie Court House was occupied on Thursday, and our line extended to the Boydton road. Our right wing rests on Hatcher's Run, the point formerly occupied by our extreme left, thus gaining an important advanced position. The rebels had retreated to their main line of works before the South Side Railroad, and were evidently awaiting an attack.

Sheridan has swept clear round the rebel army, and when last heard from he was near Burksville. His scouts reported the enemy in full force to prevent his flanking their earthworks.

New York, April 3.—The Tribune's special gives the following account of Friday's fighting: At day break a movement was made to secure a position to advance upon the enemy covering White Oak road. The object being to possess that road, which intersects the Culpeper road leading to the South Side Railroad. At 8 o'clock Sheridan's division supported by Crawford's and Griffin's divisions and immediately met resistance from rebel skirmishers, who were pushed back to within a mile of White Oak. At this juncture the enemy massed, and with their usual yell charged. Our column wavered for a time, and finally gave way, retiring slowly towards Boydton road, halting on a hill where, supported by Griffin's division which had just come up, they took shelter in breastworks. The enemy made several ineffectual attempts to dislodge them, a fierce fire of artillery and musketry meanwhile pouring death into the ranks of the rebels.

At one o'clock Miles' Division was ordered to strike the enemy on the left flank while the 5th Corps again essayed to get possession of the White Oak road by advancing simultaneously. The 5th Corps moved upon the enemy who stubbornly held his ground for some time, when they were driven from the right and the loud rapid volleys from the right and the loud cheer of the successful issue of Miles
